Data & Software Engineer

Data (Analytics/Engineering) • Software Engineering • Control Systems (SysID/MPC) • Network Engineering

Status: APEGA EIT eligible (applied). Available immediately (M.Sc. defense Jan–Mar 2026).

Profile

Data and software generalist with ~2 years combined industry/graduate experience across data engineering/analytics, Python backends, and controls/modeling. Strong at turning messy requirements into production-style, well-tested solutions. Comfortable across Python/SQL/React/.NET, CI/CD, and cloud-style data stacks.

Skills

Languages & OS: Python, SQL (Postgres/MySQL/Snowflake/BigQuery), JavaScript/TypeScript, C/C++, MATLAB; Linux/Bash, Windows

Data Eng & Cloud: PySpark/Spark, Delta/Parquet, dbt, Airflow/Prefect, MLflow; AWS (S3/ Glue/ Lambda/ IAM/ CloudWatch), Azure Databricks, GCP BigQuery

ML/Analytics: scikit-learn, XGBoost/LightGBM, TensorFlow/PyTorch (foundational), feature eng, time-series; Power BI, Excel (adv)

Web/Apps & DevOps: FastAPI/Flask, Node/Express, React, ASP.NET Core (C#), Docker, GitHub Actions, Kubernetes (basics)

Controls/Modeling: System Identification (ARX/BJ/PEM), observers/Kalman, MPC concepts; PyBaMM (SPMe/DFN)

Experience

Graduate Research/Teaching Assistant Calgary, AB Jan 2024 – Present
University of Calgary — Alberta Innovates (DICE) / TC Energy

- Built Li-ion battery models (SPMe/DFN) and degradation estimators in Python/PyBaMM; designed EKF/UKF observers and parameter-estimation pipelines (nonlinear LS/PSO).
- Wrote reproducible code with unit tests and docs; TA for Controls, Optimization, Software Practices, and Computer Organization.

Lead Technology Specialist / Network Support Analyst Lagos, Nigeria Aug 2022 – Nov 2023
MTN — Network Performance Quality Assurance

- Led a 5-person analyst pod; automated KPI analysis with Python/Excel/Power BI and improved incident response, reducing downtime by ~15%.
- Used SNMP tooling and scripting for proactive network health checks and reporting.

Graduate Research Assistant Benin City, Nigeria Jan 2020 – Aug 2021
University of Benin — Electrical/Electronic Engineering

- Prototyped GSM-enabled battery monitoring/control device; co-authored publication on remote battery IoT monitoring (link).

Network Operations/Support Engineer Intern Lagos, Nigeria Nov 2019 – May 2020
MTN — NSMC

- Supported TX/IP MPLS, Data/Internet Services, and NSS ops; monitored via SNMP; produced incident/RCA dashboards in Excel.

Selected Projects

- **Municipal Service Requests Mini-Portal (React + .NET + SQL)** — React UI + ASP.NET Core API + EF Core; validation, pagination, unit tests. Repo
- **Olist E-Commerce Medallion Pipeline (PySpark + Delta)** — Bronze/Silver/Gold curation; RFM features; Power BI SLA KPIs. Repo
- **Mobility Lakehouse — Polyglot (Kafka→Delta, Airflow, Trino, UI)** — Local, dockerized end-to-end data stack; SLAs + Grafana. Repo
- **Cafeteria Menu RAG Assistant (FastAPI + pgvector)** — Retrieval-augmented Q&A with citations; Streamlit chat UI. Repo
- **SNMP Network Health Dashboard (FastAPI + SQLite)** — Polls counters, exposes JSON + simple NOC dashboard. Repo
- **k8s Cost Visibility Lab (OpenCost + Grafana + Kyverno)** — Cost allocation + label enforcement on Kind cluster. Repo
- **NARX for PEM Electrolyzer (Co-author)** — Time-series forecasting study (FNN/LSTM). Paper

Education

M.Sc., Electrical & Software Engineering University of Calgary GPA: 3.85 <i>Focus: System Identification/Control, AI/ML, Battery Modelling (SPMe/DFN)</i>	Jan 2024 – Expected Winter 2026
B.Eng., Electrical/Electronic Engineering University of Benin, Nigeria	2025
M.Sc., Financial Engineering (in progress) WorldQuant University (tuition-free, online)	2025 – Present

Licenses & Certifications (selected)

Data Engineer in Python (DataCamp, 2024); Data Analyst in SQL (DataCamp, 2023); Open Source Software Dev, Linux & Git (Linux Foundation, 2023); Programming with JavaScript/Python (Meta, 2023); Intro to PySpark/Airflow/AWS Boto (DataCamp, 2022); Stanford “Machine Learning” (2021)
Planned: AWS Data Analytics–Specialty, Azure DP-203, Google PDE, Databricks DE Associate, dbt Fundamentals, CKA (foundational).
